

Semi-Finalists Named in Pep Boys Essay Contest

The Pep Boys, Manny Moe, and Jack, today announced the three finalists in their 16th annual Four-Year Engineering Scholarship competition.

They are Walter J. McNulty, student at South Hills High School in West Covina; Ted E. Reynolds, student at Millikan High School in Long Beach; and Raymond P. Robidoux, student at Savanna High School in Fullerton.

The engineering scholarship, providing tuition, books, and supplies for a four-year term, may be used at any state college or university. The scholarship contest was open to all high school seniors graduating in June, 1968.

TO QUALIFY for the competition, it was necessary to write an essay on traffic safety on the theme: "What I Would Do To Prevent Traffic Accidents and Save Lives." The three finalists received Bonds for writing the best trophies and U. S. Savings Bonds for writing the best essays.

Special recognition was given to Murray Rosenfeld, vice president and general manager of the Pep Boys, and the Pep Boys Organization by Joseph Kaplan, executive vice president of the Los Angeles Chapter of the National Safety Council.

"Our continuing fight to improve traffic safety is given added impetus by such civic enterprises as the Pep Boys Annual Scholarship competition," stated Kaplan. "This event helps focus attention on the ever-growing problem of traffic safety and the tremendous effort required to find new answers to these old problems. The answers we need for tomorrow must come from the youth of today."

ROSENFELD SAID semi-finalists were determined on the basis of four judging factors.

MARY WISE

Here in California, we have many attractive markets that display fresh fish from our lakes and ocean. Fish is not only delicious when properly prepared, but provides a rich source of protein and minerals, and is an economical main dish.

Because baked trout has a subtle, mild flavor, it is enhanced by a peppery shrimp sauce.

Lasoco De Luxe Shrimp Cocktail, just as it comes from its attractive cocktail glass, makes an ideal hot sauce for baked fish.

The tomato base is seasoned with fresh grated horseradish, pure fresh lemon and selected spices. After the sauce is slowly simmered to blend the flavors, large, whole, juicy, perfectly cooked shrimp are added. The shrimp cocktail is cooled and packed into glass cocktail glasses and rushed to the delicatessen department of your local market.

BAKED TROUT WITH SPICY SHRIMP SAUCE

Place cleaned trout in a greased baking dish. Bake at 325 degree F. about 20-30 minutes, or until flesh breaks easily with a fork. Meanwhile, simmer 1 4-oz. jar Lasoco De Luxe Shrimp Cocktail until warm, serve over baked fish. One jar will make 3-4 sauce servings.

Scholarship Society Lists Top Students

Thirty graduating students of El Camino College have qualified for membership in Alpha Gamma Sigma, the California Junior College Honor Scholarship Society.

Those from Torrance are Mrs. Mary June Colbert, Emily Jean Jolley, Olga Piekutowski, Carolyn J. Tharrio, and Billie B. Walker; and Steven M. Kerdoon, Harold A. McLeod, Stephen Philippi, Pierre C. Rademaker, Jeanne Tripaldi, and Creige Dion Wennstrom.

Redondo Beach members are Mrs. Louise J. Glassen, Mrs. Terry Hoover, and Mary E. Weichert.

These are the excellence of the essay, scholarship standing, good citizenship and score on a special college entrance examination.

Judging the essay competition were Kaplan, Evelle J. Younger, Los Angeles District Attorney; Inspector Howard Amborn, California Highway Patrol; Cecil Zaun, supervisor of the safety and driver instruction section of the Los Angeles City Schools;

and Deputy District Attorney Allan H. McCurdy.

"We wish to encourage young people to view our community problems in a constructive manner," said Rosenfeld. "That is why the Pep Boys have conducted this annual essay competition for the past sixteen years. It is essential that we seek and apply new ideas to make our streets and highways a safer place for everyone."

Hearings Completed on Public Works Wage Bill

Capitol News Service
SACRAMENTO—The Assembly Committee on Industrial Relations has held a lengthy hearing on AB-1377 by Assemblyman L. E. (Larry) Townsend (D-Torrance), the bill which would change the method of publication of prevailing wage rates in bid advertising for public works projects, and taken the measure under submission.

Assemblyman Walter W. Powers (D-Sacramento), chairman of the committee, said the bill would be held under submission until a bill on the same subject comes over from

the Senate. That measure, by Senator John F. McCarthy (R-San Rafael), would abolish publication of the prevailing wage rates. It has been approved by the Senate Committee on Governmental Efficiency.

Townsend's bill, which has the support of the California Newspaper Publishers' Association, would require publication of the wage schedule

only twice. In addition, one publication of the schedule would be sufficient for all advertisements for bids in a single issue.

Ben Martin, general manager of CNPA, who appeared before the committee, said publication of advertisements, including the list of prevailing wage rates, is required as

carried in Townsend's bill. The question has been before the legislature a number of times. Following disapproval of a bill by McCarthy last year, similar to his bill this year, the Industrial Relations Committee made an interim study. The CNPA proposed the change as

many as 10 times in some areas.
